Mood Board & Design

A mood board collage consisting of several images and text snippets. At the top left is a photograph of a brick wall with a colorful mural of a face. Below it is a white box containing the text: "Open Sans is versatile and easy to read which will be used in paragraphs of text". To the right is a small image of yellow flowers. At the bottom left is a large image of pink lotus flowers. In the center is a graphic for "EMMA BINDI'S portfolio" featuring a watercolor illustration of pink and red flowers. To the right of the portfolio title is a circular graphic with the text: "Titles & Sub-Titles: Blog - Lato Italic, Projects - Lato Light, Homepage - Lato Regular, Contact Me - Lato Bold". At the bottom is a horizontal color palette bar divided into five equal segments: gold, dark grey, teal, red, and brown.

Type to enter text

Open Sans is versatile and easy to read which will be used in paragraphs of text

Titles & Sub-Titles:
Blog - Lato Italic
Projects - Lato Light
Homepage - Lato Regular
Contact Me - Lato Bold

Theme

- Vibrant
- Fresh
- Energetic
- Simple
- Down to Earth
- Friendly & Approachable
- Feminine

Accessibility

These checks highlight opportunities to [improve the accessibility](#) your web app. Only a subset of accessibility issues can be automatically detected so manual testing is also encouraged.

Contrast — These are opportunities to improve the legibility of your content.

Background and foreground colors do not have a sufficient contrast ratio.

Additional items to manually check (11) — These items address areas which an automated testing tool cannot cover. Learn more in our guide on [conducting an accessibility review](#).

Passed audits (10)

Not applicable (24)

Passed audits (7)

- Background and foreground colors have a sufficient contrast ratio
- Document has a `<title>` element
- `<html>` element has a `[lang]` attribute
- `<html>` element has a valid value for its `[lang]` attribute
- Lists contain only `` elements and script supporting elements (`<script>` and `<template>`).
- List items (``) are contained within `` or `` parent elements
- `[user-scalable="no"]` is not used in the `<meta name="viewport">` element and the `[maximum-scale]` attribute is not less than 5.

Screenshots

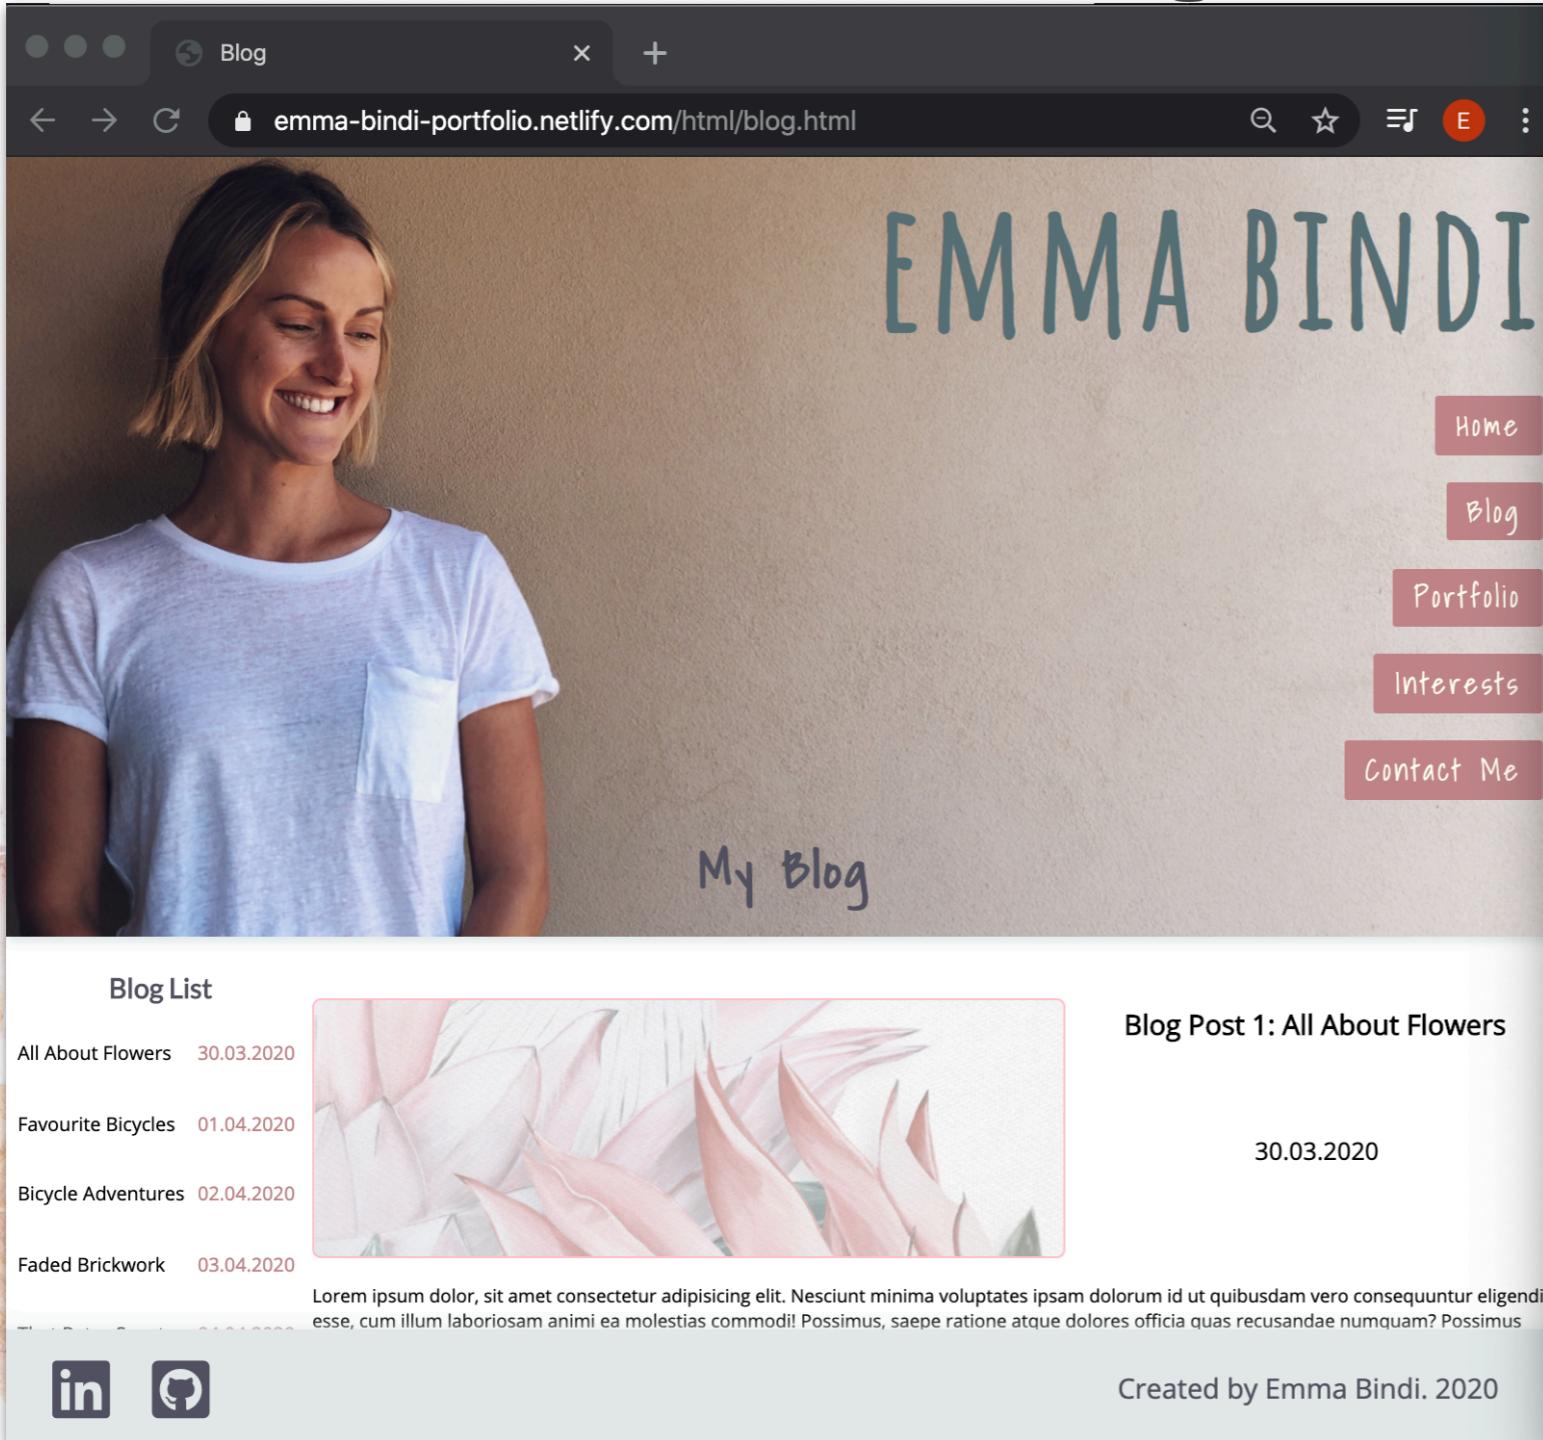

<Home>

The screenshot shows a desktop browser window with the title "Emma Bindi Portfolio". The URL "emma-bindi-portfolio.netlify.com" is visible in the address bar. The main content features a large photo of Emma Bindi smiling. To her right, the text "EMMA BINDI" is displayed in a large, stylized, teal font. Below the photo is a "Welcome to my portfolio website." message. A paragraph of text describes her as a full stack developer in training learning Ruby, CSS, HTML, Ruby on Rails, and the JavaScript MERN stack. It also mentions her current location in Melbourne, Australia, and her hobbies of keeping active, cooking, and being outdoors. At the bottom, there are social media icons for LinkedIn and GitHub, and a copyright notice "Created by Emma Bindi. 2020".

<Blog>

The screenshot shows the desktop version of the blog. At the top, there's a navigation bar with icons for search, star, and other site functions. Below it is a header featuring a large photo of Emma Bindi smiling, with the text "EMMA BINDI" in a large, stylized, teal font. To the right of the photo is a sidebar with red buttons for "Home", "Blog", "Portfolio", "Interests", and "Contact Me". The main content area has a title "My Blog" and a "Blog List" section. The first item in the list is "All About Flowers" from 30.03.2020, accompanied by a pink lotus flower image. A decorative sprig of dried hydrangea flowers is visible on the left side of the screen.

The screenshot shows the mobile version of the blog. It features a similar layout with a header, sidebar, and main content area. The "My Blog" title and "Blog List" are present. The first blog post, "All About Flowers", is shown with its date and a pink lotus flower image. The footer includes social media links for LinkedIn and GitHub, and a note "Created by Emma Bindi. 2020".

Projects: Ruby

Wine Selection Assistant - Ruby Terminal App
A terminal application created using Ruby for a CoderAcademy assignment. Extensive planning and documentation was required in the development as well as the implementation of Ruby gems. The app utilises control flow and error handling extensively and has also been tranformed into a Ruby gem.

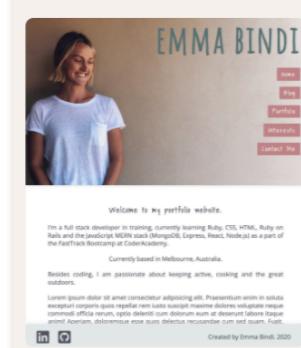

Check out the Github link: [Vino Suggest](#)

Projects: HTML & CSS

Website Portfolio - HTML & CSS
Design, planning and development of this portfolio website using HTML and CSS. Responsive layout and semantic design ensures accessibility and readability for all users.

<Interests>

Hobbies & Interests

emma-bindi-portfolio.netlify.com/html/interests.html

Food & Wine

Passionate about great food and enjoy shopping for fresh and different produce at the markets.
I love trying new recipes at home and exploring new eating establishments.
Learning about fine and alternative wines intrigues me. I currently have a side hustle - working weekends at a natural wine bar, where I get to combine my passion for wine and being around people.

Travel

I've managed to see a good chunk of the world, discovering the colourful and diverse planet we live on.
A few highlights include:

- sleeping under stars in a Bedouin tent
- hiked Tiger Leaping Gorge in China
- white water rafted down Soca River, Slovenia
- volunteering on an organic farm in Estonia
- overnight train ride Moscow to St Peterburg
- riding a bicycle across Austria
- motor biking the Hai Van pass in Vietnam
- island hopping the Adriatic Sea
- spending Ramadan in Istanbul, Turkey

Volunteering

Created by Emma Bindu. 2020

in GitHub

the tennis ball, watching butterflies and playing tug-of-war with socks.
Aria likes to explore & posts her escapades via insta: @arias.rough.life

GIT BRANCHING

Master

So Fresh N Clean

BNW

Cursive Fonts

Welcome to my portfolio website.

I'm a full stack developer in training, currently learning Ruby, CSS, HTML, Ruby on Rails and the JavaScript MERN stack (MongoDB, Express, React, Node.js) as a part of the FastTrack Bootcamp at Coder Academy.

Currently based in Melbourne, Australia. Besides coding, I am passionate about keeping active, cooking and the great outdoors.

Created by Emma Bindi. 2020

EMMA BINDI

My Portfolio

Coding Skills

HTML

Building websites with responsive design. Designing and writing modular and scalable HTML code. Writing easy to read and understand documentation.

Ruby

Designing clean easy to scale code. Testing and debugging. Building low overhead productivity tools.

CSS

Building intuitive and easy to use web components. Designing

Created by Emma Bindi. 2020

CHALLENGES & LEARNINGS

Design Changes

One small decision/change required a lot of adjustment - challenge to stick to an idea/theme

Design Limitations

Animation I wanted for interests cards, required JS, had to come up with new idea

Git

- Working with Remote Repo (pushing new branches created locally)
- Branching (moving between without committing)
- Merge conflicts
- Successfully rolled back to prior commit
- Successfully used branching

Displaying & Sizing Images

Painful. Just painful.

CHALLENGES & LEARNINGS CONT'D

Layouts/Styling with Flex Box:

Understanding the correct use and consequence of each parent/child

Accessibility

Rework required as I wasn't aware of the practical implications of best practise for accessibility. Achieved 92% therefore greater image contrast would have assisted.

Scrolling Issues with Fix Nav's

One small decision/change required a lot of adjustment - challenge to stick to an idea/theme

Responsiveness

So many different device types and requirements - a lot more time was needed to make site totally responsive

FAVOURITE PARTS

I LOVED THIS PROJECT!

I woke every day so eager to jump on my laptop and develop this site.
Time flew by

- Design - Using Wireframes
- Seeing Finished Product
- Navigation Links Working!
- Using Google Fonts & Awesome Fonts
- Styling
- Building Something From Scratch
- Seeing My New Skills Create A Tangible Product!
- Creating Effects With Mouse Hover

THANK YOU
